Our Continued Commitment to Serving You

Medical Systems remains “*open for business*” and continues to schedule IMEs and record review services. Four weeks ago, our office transitioned to working almost completely remotely. Our team has adjusted and is well-equipped to provide ongoing service and can address any urgent needs. You can expect the same level of exceptional service you have come to know and trust!

At this time, the majority of doctors with which we work are opting to either complete a Records Review or to schedule IMEs further out in the coming months in the hopes to avoid time consuming rescheduling.

Please don't hesitate to reach out if we can help keep your cases on track or if you have any questions. Currently, the best way to reach us is by email, as our phones are forwarding to one staff member. If you prefer phone discussions, let us know via email and we will be happy to call you!

MSI Focuses on Street Angels to Make A Difference!

The ways to help those most in need may have recently changed but the need is greater than ever. . .

Last year our MSI team committed to helping those in need in our local community and one charity that rose to the top of our hearts was Street Angels, Inc. Milwaukee Outreach. Our team was able to make and pack non-perishable food and snack bags and donate these on a monthly basis.

Street Angels cannot currently accept food and clothing donations from the community due to the current pandemic circumstances, however, they are still able to accept brand new items that are directly shipped to them from retailers such as Amazon; they are also still accepting online monetary donations at <https://www.streetangelsmke.org/>

Your MSI Team

Theresa is the most recent addition to our Scheduling Team and brings years of experience thinking “*outside the box*” to her new position! As a teacher for 13 years for grades kindergarten to 8th grade, she became uniquely skilled at handling unexpected surprises and juggling multiple priorities which has helped her jump right into the swing of things in the Scheduling Department. She enjoys the fast-paced environment and the work life/balance offered at Medical Systems and that none of her coworkers come to work with sticky hands!

Since Theresa is no longer spending her evenings grading papers, she is able to spend more time with her young daughter and husband watching Packer games, traveling, and of course, squeezing in lots of Disney movies! She also collects Ceramic Eggs and comics and is only *lightly* obsessed with Harry Potter.

Doctor Highlight

Joshua M Alpert, MD

Board Certified Orthopedic Surgery
Sports Medicine Specialty

Dr. Alpert is in active practice in Illinois with the Midwest Bone & Joint Institute and is also licensed in Wisconsin where he regularly travels to perform IMEs in Milwaukee and Oshkosh. He treats orthopedic sports injuries via minimally invasive arthroscopic techniques.

Dr. Alpert grew up in Highland Park, Illinois and obtained an undergraduate degree in Biology from the University of Illinois- Champaign. He earned his MD at Chicago Medical School and completed his residency at Rush University Medical Center. He served as a team physician during his Sports Medicine fellowship at Massachusetts General Hospital for the New England Patriots, Boston Red Sox, and

the Boston Bruins. While earning his undergraduate degree, Dr. Alpert was named to the University of Illinois’ Dean’s List five different semesters. In medical school, he was elected to the Alpha Omega Alpha Orthopedic Honorary Society and presented with the Dean’s Award.

Dr. Alpert conducts Work Comp and Personal Injury IME’s for Medical Systems in Illinois and Wisconsin. He evaluates most orthopedic injuries, except cases involving surgical neck and back issues. He specializes in shoulder, elbow, wrist, hip, knee, and ankle arthroscopy.
