# An Update on Our Services

With the “Safer at Home” order being recently lifted in Wisconsin, most doctors are returning to scheduling IMEs, and many are taking safety precautions, such as, Health Questionnaires to be completed a few days prior to an exam and masks/gloves requirement for the examination to take place. Some “higher risk” doctors are opting to only complete Records Reviews at this time.

Many of us are still staying “Safer at Home” and will most likely continue doing so into the summer. While we at MSI are working remotely, we are still available and ready to assist you. Our team has continued providing excellent service the past few months and can address any urgent needs you may have; you can expect the same level of exceptional service you have come to know and trust!

Please don’t hesitate to reach out if there is anything we can do to help keep your cases on track or if you have any questions!

## MSI's Rescue Pets

Our team loves their rescue pets! This month we are featuring 2-year-old Charlotte; she is part of Laura, our Operations Manager's family.

MSI's team has been growing over the years and lately our most recent additions have been rescue pets! Over half of our staff has a furry family member adopted through a local shelter, and we'll be highlighting one of them and the organization that brought them home to us each issue, to raise awareness and support for these organizations. They are still providing love and exceptional care during the current circumstances, so please check them out if you are considering adding a 4-legged friend to your family!

Charlotte was rescued by Hoovers Hause All Dog Rescue who coordinates with shelters in Mississippi to find dogs and puppies forever homes. Pictured above, Charlotte was thought to be a lab/boxer mix, but after she surpassed 90 pounds at 1 year old, her family decided she may have descended from giants. Charlotte (aka Clifford in the neighborhood) is a wonderful family dog, ever patient and gentle with children. She has a penchant for jumping fences, and the only solution to this has been to add another dog to the family who keeps her playing happily in her own back yard. To find out more about this rescue, check out their adoptables, or to donate to Hoovers Hause, please visit <http://www.hoovershausealldogrescue.com/home.html>.

## Your MSI Team

As our Quality Assurance Analyst, Kristy works with doctors to ensure our clients receive the best quality reports; she is meticulous in her proofreading skills to give you an accurate and credible evaluation report. Kristy is a graduate of Ripon College where she majored in English with minors in Politics and Government and Educational Studies. Kristy enjoys proofreading and brings her natural eye for style and grammar to Medical Systems' Quality Assurance Department. She loves reading the doctors' reports, which cover a variety of different topics—every day is something new!

Kristy is an avid reader and has a soft spot for a good adventure novel. She and her husband John can often be found walking their Corgi Izzy and Chocolate Lab Bruce along the Milwaukee lakefront. We love the addition her enthusiastic personality has made to our team; she is a true team player and is always up for brightening someone's day!

## Thomas Viehe, MD

Board Certified Orthopedic Surgery  
Sports Medicine Board Certified

Dr. Thomas Viehe is in active practice at Orthopaedic Associates of Wisconsin where he specializes in orthopedic surgery and orthopedic sports medicine, currently focusing his talents on the foot, ankle, knee, and shoulder. He is American Board of Orthopaedic Surgery and Sports Medicine Board Certified.

Dr. Viehe grew up in Newport Beach, California and obtained an undergraduate degree in History from Cornell University. He earned his MD at the Medical College of Wisconsin where he was the Student Body President and completed his residency at Emory University while serving as the Administrative Chief Resident in the Department of Orthopaedics.

He completed two fellowships, one with Foot & Ankle Surgery at Roger Mann and the other with Sports Medicine and Arthroscopy Fellowship at Steadman-Hawkins Clinic. He is a member of the American Academy of Orthopaedic Surgeons and Alpha Omega Alpha Medical Honor Society.

Dr. Viehe has worked at Orthopedic Associates of Wisconsin for 11 years and regularly treats 75-100 patients in clinic per week while also completing 5-10 Surgeries per week. He still finds time to conduct Work Comp and Personal Injury IME's and Records Reviews for Medical Systems in Wisconsin.
