Fall Has Arrived!

MSI sponsored a hole at the annual Kids Chance Golf Outing this month, and it was great to see everyone again! The beautiful, “balmy” day started with freezing temperatures and a strong breeze, but the shining sun and a cup of steaming hot coffee or coco was enough to chase the chills away! We look forward to participating again next year!

Most doctors have returned to scheduling IMEs and Records Reviews with safety precautions in place. We at MSI are still working remotely and are available and ready to assist you. Our team has continued providing excellent service the past few months and can address any urgent needs you may have; you can expect the same level of exceptional service you have come to know and trust!

Please reach out to if there is anything we can do to help keep your cases on track or if you have any questions!

MSI’s Rescue Pets: Meet Yoshi!

MSI continues to highlight our team member’s rescue pets! Most of our staff has a furry family member adopted through a local shelter, and we are highlighting one of them and the organization that brought them home to us each issue, to raise awareness and support for these organizations. They are still providing love and exceptional care during the current circumstances, so please check them out if you are considering adding a 4 legged friend to your family!

Adopted from Tailwaggers 911 Rescue in Saukville, 2 1/2 year old Yoshi demonstrates his Basset Hound/Jack Russel Terrier heritage with his obsession for playing Basset catch and hoarding balls. Yoshi has shown he also has a talent for climbing the ladder to the backyard swing set and then sliding down the slide! Because the swing set has double slides, side by side, Yoshi and the family children have been known to have “slide races”. Yoshi also has a penchant for the toaster and will come running from anywhere in the house if the toaster is even touched.

To find out more about this shelter and to check out their adoptables, please visit <https://www.tailwaggers911.com/>.

Doctor Highlight

Wellington Hsu, MD

Board Certified in Orthopaedic Surgery, American Board of Orthopaedic Surgery

Dr. Wellington Hsu is in active practice in Illinois with Northwestern Medical Group and is also licensed in Wisconsin where he regularly travels to perform IME's in the Milwaukee area. He is an orthopedic surgeon that specializes in and will only address the spine.

Dr. Hsu earned his undergraduate degree at the University of Wisconsin, Madison, and his M.D. at the Vanderbilt University School of Medicine in Tennessee. He completed his residency at the University of California, Los Angeles in the Department of Orthopaedic Surgery, as well as a post-doctoral basic science fellowship followed by a spine surgery fellowship at the University of Wisconsin, Madison.

Dr. Hsu is board certified with the American Board of Orthopaedic Surgery. He is currently a Professor of Orthopaedic Surgery and Neurological Surgery at the

Northwestern Medicine Feinberg School of Medicine. He has been awarded many honors and awards, as well as research grants. He is a member of many societies, such as the Cervical Spine Research Society and Orthopaedic Research Society. He also serves on many committees and in leadership positions for the American Academy of Orthopaedic Surgeons, North American Spine Society, Lumbar Spine Research Society, Cervical Spine Research Society, Northwestern Memorial Hospital, and Northwestern University Department of Orthopaedic Surgery to name a few.

Dr. Hsu conducts Worker's Compensation and Personal Injury Record Reviews and IMEs for Medical Systems.

MEDICAL SYSTEMS, INC.
independent medical evaluation services

Your MSI Team

How many records are too many? There are never too many for Ashley to procure, sort, process, and organize per our doctors' instructions. She ships the records and other case documents on time to the doctor and verifies receipt so you can rest assured that the doctor has everything he needs to review and complete the report on time.

Ashley also maintains our exam rooms and coordinates our office functions that help make Medical Systems a fun place to work. Ashley exemplifies positivity and enjoys that no two days on the job are ever the same. Outside the office Ashley spends her time relaxing with her sons and family. If you ever want to know where Ashley has been, just ask to see her collection of souvenir squished pennies from all the places that she has visited.
