Welcome to New MIAA Board!

Congratulations to this year's new Milwaukee Insurance Adjustors Association Board! Below are this year's new MIAA board members and positions:

- President - Scott Wade, von Briesen & Roper, s.c.
- Vice President - Mike Steinborn, Team Rehabilitation
- Secretary - Keri Wuenstel, Medical Systems, Inc.
- Treasurer - John Ehemann, EMC Insurance Companies

Our own Account Executive Keri is on the board, and she has shared that they are making virtual event meeting plans for the time being while still planning for the annual events, such as, the golf outing and casino night. We are excited to hear more about their plans for further strengthening this organization in the upcoming year!

We at MSI are still mostly working remotely and are still available and ready to assist you. Our team has continued providing excellent service and can address any urgent needs you may have. Please don't hesitate to reach out if there is anything we can do to help keep your cases on track or if you have any questions!

MSI's Rescue Pets: Clover!

This month we are featuring a furry family member from our Medical Records Specialist Amber's family.

MSI continues to highlight our team member's rescue pets! Most of our staff has a furry family member adopted through a local shelter, and we are highlighting one of them and the organization that brought them home to us each issue, to raise awareness and support for these organizations. They are still providing love and exceptional care during the current circumstances, so please check them out if you are considering adding a 4 legged friend to your family!

Adopted from the Wisconsin Humane Society, 5 1/2 year old Clover earned her name from her favorite pastime of eating clovers in her yard. She also loves sunning herself in the grass and sneaking French Fries when your head is turned.

Clover enjoys getting a little too close for comfort when cuddling and is adroit at stealing the warm spot on the bed or couch if you happen to get up. She compensates for this by being extra snuggly and giving the best hugs!

To find out more about this shelter and to check out their adoptables, please visit <https://www.wihumane.org/>.

Your MSI Team

Our Scheduling Assistant Diana contributes a diverse range of skills to our Scheduling team with a background in customer service, consulting, and logistics. Diana supports your cases, ensuring all details are in place for an efficient IME process from start to completion. She appreciates the strong team atmosphere at Medical Systems and that everyone on the team is dedicated to helping our clients and each other succeed.

In her downtime, Diana usually spends her “free time” attending her son’s soccer and basketball games and practices. She loves spending time with friends and family and collecting Mickey and Minnie Mouse snow globes. She can also be found in a quiet spot working on her passion for journaling.

Doctor Highlight

Brad K. Grunert, PhD

Certificate of Professional Qualification in Psychology

Dr. Brad Grunert is a Psychologist specializing in post-traumatic stress disorders after traumatic physical injuries. He conducts pre-surgery evaluations and post-operations counseling with the Bariatric Surgery Program.
